Subject: EPA Lodging Program - Emergency Response Housing Update

Good Evening Mr. Hayes,

My name is Travis Sumners, Government Account Executive for Oakwood Worldwide, for EPA's lodging and housing needs. I'm updating my records and inquiring about a follow up opportunity to discuss your lodging program and any additional TDY, PCS or intern housing needs. We spoke last Summer and you had mentioned your role in the emergency response / preparation division. I would like to add we can provide lodging for any EPA Representatives that are sent to the field for emergency preparedness and response, such as the Gold King Mine in Silverton, CO. I have attached a flyer with some details of our dual brand offerings including information on our Marriott Reward Point stays. We have alternative lodging solutions for more remote locations.

Would you be available to meet and discuss details of your housing program and how Oakwood can customize a best solution for your needs? Oakwood is working with EPA to offer consistent, quality services nationwide at the best rates and options available. Oakwood can work with you to offer flat rates at your various facility locations to meet your budget and lodging criteria.

Please feel free to contact me anytime:

Thank you for your interest. I look forward to speaking with you soon.

Regards,

Travis Sumners
